*The story of a church and a movement*

**Billy Kennedy**

With Ralph Turner

- This is a story of faith and resilience - a story of an unshakable belief. A belief that God can use ordinary people to accomplish extraordinary things.
- As an account of the fascinating journey of New Community Church in Southampton and the broader community and church networks it has been involved in, this book is more than just a history of events, but a personal reflection on the joys, struggles and transformations that have made this church what it is today.
- Generations, Generations, Generations by Billy Kennedy (with Ralph Turner) is a powerful encouragement for anyone needing resilience and strength as they step out in obedience to fulfil God-given visions and dreams that may feel unattainable. But as this book fiercely demonstrates, nothing is impossible with God.
